## School Start & End Times

New start/end times are an important part of several positive changes taking place in the fall. Lakeview Middle School students will start their day earlier to support additional instructional time in English Language Arts and mathematics. The addition of a few extra minutes to the school day at Lakeview High School will help offset instructional time used to administer required testing.

### Student Transportation

**New this year!** Changes in school start/end times have allowed for a transportation schedule that will improve student safety and supervision while reducing costs. Under the new schedule, secondary students will share busses for the morning and afternoon runs. Middle School and High School students will be separated by assigned sections to help with supervision.

### Make sure and save your child a seat on the bus!

Transportation representatives will be available at the Elementary and Middle School Meet the Teacher Night events. Elementary and Middle School parents are asked to confirm whether or not their child will need bus transportation at this time.

Parents of 11th and 12th grade students who will require bus transportation are asked to contact the Transportation Office by calling 565-2490 or emailing [slanders@lakeviewspartans.org](mailto:slanders@lakeviewspartans.org) prior to August 26. Parents of 9th and 10th grade students may confirm transportation needs on Registration Day.

For your convenience! Bus routes will be posted online at [www.lakeviewspartans.org](http://www.lakeviewspartans.org) in early August and printed in the Battle Creek Shopper on August 20 and again on August 27.

**Questions? Contact the Transportation Office at 565-2490.**

## Elementary Attendance Procedures

Parents are reminded that under new elementary attendance procedures the times when a student arrives to school late and/or leaves school early are now considered as part of a child's overall attendance record. Letters were sent home to all elementary parents in January explaining that once a child has five absences without medical documentation, the absences will be investigated by school officials.

Parents of students whose attendance may be of concern will receive a letter outlining their child's attendance history and requesting that they take steps to ensure that the student is at school all-day, every-day. Staff will continue working with families to identify resources and solutions for getting their children to school every day.
